<b><u>DOCUMENTS NEEDED</u></b>					
Closure Letter, and any conditional closure letter issued					<b>X</b>
Copy of most recent deed, including legal description, for all affected properties					<b>X</b>
Certified survey map or relevant portion of the recorded plat map <i>(if referenced in the legal description)</i> for all affected properties					<b>X</b>
County Parcel ID number, <i>if used for county</i> , for all affected properties					<b>X</b>
<b>Location Map</b> which outlines all properties within contaminated site boundaries on USGS topographic map or plat map in sufficient detail to permit the parcels to be located easily (8.5x14" if paper copy). If groundwater standards are exceeded, the map must also include the location of all municipal and potable wells within 1200' of the site.					<b>X</b>
<b>Detailed Site Map(s) for all affected properties</b> , showing buildings, roads, property boundaries, contaminant sources, utility lines, monitoring wells and potable wells. (8.5x14", if paper copy) This map shall also show the location of all contaminated public streets, highway and railroad rights-of-way in relation to the source property and in relation to the boundaries of groundwater contamination exceeding ch. NR 140 ESs and soil contamination exceeding ch. NR 720 generic or SSRCLs.					<b>X</b>
<b>Tables of Latest Groundwater Analytical Results (no shading or cross-hatching)</b>					<b>X</b>
<b>Tables of Latest Soil Analytical Results (no shading or cross-hatching)</b>					<b>X</b>
<b>Isoconcentration map(s), if required for site investigation (SI)</b> (8.5x14" if paper copy). The isoconcentration map should have flow direction and extent of groundwater contamination defined. <b>If not available, include the latest extent of contaminant plume map.</b>					<b>X</b>
<b>GW: Table of water level elevations, with sampling dates, and free product noted if present</b>					<b>X</b>
<b>GW: Latest groundwater flow direction/monitoring well location map (should be 2 maps if maximum variation in flow direction is greater than 20 degrees)</b>					<b>X</b>
<b>SOIL: Latest horizontal extent of contamination exceeding generic or SSRCLs, with one contour</b>					<b>X</b>
<b>Geologic cross-sections, if required for SI.</b> (8.5x14" if paper copy)					<b>X</b>
<b>RP certified statement that legal descriptions are complete and accurate</b>					<b>X</b>
<b>Copies of off-source notification letters (if applicable)</b>					<b>X</b>
<b>Letter informing ROW owner of residual contamination (if applicable)(public, highway or railroad ROW)</b>					<b>X</b>
<b>Copy of (soil or land use) deed restriction(s) or deed notice if any required as a condition of closure</b>					<b>X</b>

RE: **Final Closure**

**Commerce # 54868-9999-25**      WDNR BRRTS # 03-03-000670  
Super America Station #4247, 2025 S Main St, Rice Lake

Dear Mr. Hughes:

The Wisconsin Department of Commerce (Commerce) has received all items required as conditions for closure of the site referenced above. This case is now listed as "closed" on the Commerce database and will be included on the Wisconsin Department of Natural Resources (WDNR) Geographic Information System (GIS) Registry of Closed Remediation Sites to address residual contamination. It is in your best interest to keep all documentation related to the environmental activities that were conducted.

If residual contamination is encountered in the future, it must be managed in accordance with all applicable state and federal regulations. If it is determined that any remaining contamination poses a threat, the case may be reopened and further investigation or remediation may be required.

Thank you for your efforts to bring this case to closure. If you have any questions, please contact me in writing at the letterhead address or by telephone at (608) 261-7718.

Sincerely,

Will (Woody) Myers  
Geologist

# QUITCLAIM DEED

Loc. No. 4247

DE: 048-005-0032

RECEIVED OF RECORD

11:35 AM  
FEB 27 1998

*Ann M. Wilke*  
REGISTER OF DEEDS  
BARRON COUNTY, WI

KNOW ALL MEN BY THESE PRESENTS, that ASHLAND INC. (fka Ashland Oil, Inc.), a Kentucky corporation, Grantor, whose address is 3460 Blazer Parkway, Lexington, Kentucky 40509, for the consideration of Ten and no 100 Dollars (\$10.00) received to its full satisfaction of SPEEDWAY SUPERAMERICA LLC, a Delaware limited liability company, Grantee, whose TAX MAILING ADDRESS is c/o Property Tax Records, 539 South Main Street, Findlay, Ohio 45840, hereby quitclaims to said Grantee the following described real estate in the County of Barron and State of Wisconsin, to wit:

SEE EXHIBIT A attached hereto and made a part hereof.

This is not homestead property.

TO HAVE AND TO HOLD the same, together with all rights, privileges, appurtenances, and immunities thereto belonging or in any way appertaining, unto Grantee, its successors and assigns forever.

Grantor does further quitclaim to Grantee, all of Grantor's right, title and interest, if any, in and to all roadways, streets, alleys, easements and rights of way adjacent to or abutting to the above described lands.

This conveyance has been authorized by Resolution of the Board of Directors of Grantor and the individual signing on behalf of Grantor has been authorized to do so.

TRANSFER  
\$ 768.90  
FEE

AFTER RECORDING MAIL TO:

Lawyers Title Insurance Corp.  
P.O. Box 27567  
Richmond, Virginia 23286-8812

Parcel Identification No:

276-90002-4000

IN WITNESS WHEREOF, Grantor has caused its corporate name to be hereunto signed by its proper and duly authorized corporate officer: effective this 9th day of December, 1997.

Grantor:

ASHLAND INC., a Kentucky corporation

By: *[Signature]*  
Print Name: John E. Pettus

Title: Senior Vice President

Attest:

By: *[Signature]*  
Print Name: Timothy J. Berry

Title: Assistant Secretary

EXHIBIT A

All of that certain tract or parcel of land located in Barron County, Wisconsin, and being more particularly described as follows:

A parcel of land in the Northwest Quarter of the Northeast Quarter of Section 33, Township 35 North, of Range 11 West, described as follows:

Commencing at a point where the south line of South Street intersects the east right-of-way line by an iron monument, thence east along the south line of South Street 117.1 feet, thence due south a distance of 300 feet; thence West parallel to South Street to the intersection of the right-of-way line of said highway; thence northerly along the east right-of-way line of said highway to the point of commencement, in Barron County, Wisconsin.

Being the same property conveyed to SuperAmerica Group, Inc. by deed dated October 1, 1989, and recorded in Volume 614, Page 78, in the Barron County Register of Deeds Office.

SuperAmerica Group, Inc. was merged with and into Ashland Oil, Inc., a Kentucky corporation, effective September 30, 1993 in accordance with Articles of Merger of SuperAmerica Group, Inc. into Ashland Oil, Inc dated September 28, 1993.

Ashland Oil, Inc. changed its name to Ashland Inc. on January 27, 1995 and duly recorded said name change with the Office of the Kentucky Secretary of State.

WARRANTY DEED

THIS DEED, made between the City of Rice Lake, A Wisconsin Municipal Corporation, GRANTOR, and St. Joseph Congregation, Inc., GRANTEE,

Witnesseth, That the said Grantor, for a valuable consideration conveys to Grantee the following described real estate in Barron County, State of Wisconsin:

Commencing at the North 1/4 corner of Sec 33, T35N, R11W; thence Westerly along the North line of Section 33, a distance of 39.3 feet; thence South parallel with the East line of NE 1/4 of the NW 1/4, 357.70 feet; thence West parallel with the North line of Section 33, 27.70 feet to a 1 inch iron pipe which is the point of beginning; thence continuing Westerly parallel with the North line of Section 33, a distance of 33 feet; thence South parallel with the East line of the NE 1/4 of the NW 1/4 of Section 33, 801.80 feet to a 1 inch iron pipe which is the North line of property described in Deeds Vol 312, page 76; thence Northeasterly a distance of 802.48 feet to the point of beginning. Said area containing 0.30 acres more or less.

Along with exchange of deeds, St. Joseph Cemetery agrees to a restrictive access agreement which will allow only one access from the cemetery property to Main Street. That access being at its present location centered 546.50 feet South of the North line of Section 33. All other driveways to Main Street will be closed. One extra driveway will be allowed into property not currently used for the cemetery. That driveway to be closed when property is developed for the cemetery.

FEE EXEMPT 77.25(2)

Together with all and singular the hereditaments and appurtenances thereunto belonging: And Grantor warrants that the title is good, indefeasible in fee simple and free and clear of encumbrances, and will warrant and defend the same.

Dated this 24th day of May, 1993.

THE CITY OR RICE LAKE BY:

John P. Vaughn, Mayor

Kathleen Morse, City Clerk-Treasurer

Personally came before this 24 day of May, 1993, the above named John P. Vaughn and Kathleen Morse, to me known to be the persons who executed the foregoing instrument, and acknowledge the same.

WDNR RCL = Wisconsin Department of Natural Resources' Residual Contaminant Level; "----" = Not established by the WDNR.

WDNR 746.06 Table 1 - Wisconsin Department of Natural Resources, Indicators of Residual Petroleum Product in Soil Pores

WDNR 746.06 Table 2 - Wisconsin Department of Natural Resources, Protection of Human Health from Direct Contact with Contaminated Soil

Laboratory method detection limits for benzene were greater than the WDNR NR 720 RCL.

Samples submitted to Pace Analytical Laboratory in Green Bay, Wisconsin for analysis (WDNR Laboratory Certification No. 405132750).

Q = The analyte has been detected between the limit of detection (LOD) and limit of quantitation (LOQ). The results are qualified due to the uncertainty of analyte concentrations with in this range.

PID = Photoionization Detector; MTBE = Methyl-tert-butyl-ether, MeOH = methanol, ppm = parts per million.

TMB = Trimethylbenzene; GRO = Gasoline Range Organics; DRO = Diesel Range Organics.

WELLS OR BORINGS  
 ▾ STATIC GROUND WATER ELEVATION (MEASURED ON JANUARY 5, 1995)  
 GW [ ] (BENZENE, TOLUENE, ETHYLBENZENE, TOTAL XYLENES) IN GROUND WATER IN PARTS PER BILLION  
 SOIL [ ] (BENZENE, TOLUENE, ETHYLBENZENE, TOTAL XYLENES) IN SOIL IN PARTS PER MILLION  
 ND - PID READINGS IN PARTS PER MILLION  
 ND - WELL SCREEN  
 ND - NOT DETECTED  
 NA - NOT ANALYZED

= CONTAMINATED GROUND WATER PLUME OVER NR 140 ENFORCEMENT STANDARDS

- NOTES:
- 1.) CONTAMINATED SOIL SAMPLES WERE COLLECTED FROM THE SATURATED ZONE.
  - 2.) SOIL SAMPLES FROM MW-2 THROUGH MW-5 AND B-1 WERE COLLECTED ON 6-30-94.
  - 3.) SOIL SAMPLES FROM MW-6, MW-7 WERE COLLECTED ON 1-5-95.
  - 4.) GROUND WATER RESULTS ARE FROM THE 1-5-95 SAMPLING EVENT.

Mr. Ken Schaefer  
Notice of Groundwater Contamination  
SSA #4247  
Rice Lake, WI  
Page 2

Natural Resources accept natural attenuation as the final remedy for this site and grant case closure. Closure means that the Department will not be requiring any further investigation or cleanup action to be taken, other than the reliance on natural attenuation.

Since the source of the groundwater contamination is not on your property, neither you nor any subsequent owner of your property will be held responsible for investigation or cleanup of this groundwater contamination, as long as you and any subsequent owners comply with the requirements of section 292.13, Wisconsin Statutes, including allowing access to your property for environmental investigation or cleanup if access is required. For further information on the requirements of section 292.13, Wisconsin Statutes, you may call 1-800-367-6076 for calls originating in Wisconsin, or 608-264-6020 if you are calling from out of state or within the Madison area, to obtain a copy of the Department of Natural Resources' publication #RR-589, Fact Sheet 10: Guidance for Dealing with Properties Affected by Off-Site Contamination. The Department of Natural Resources will not review my closure request for at least 30 days after the receipt of this letter. As an affected property owner, you have a right to contact the Department to provide any technical information that you may have that indicates that closure should not be granted for this site. If you would like to submit any information to the Department of Natural Resources that is relevant to this closure request, you should mail that information to: Mr. Bill Schultz, Wisconsin Department of Natural Resources, 107 Sutliff Avenue, Rhinelander, Wisconsin 54501.

If this case is closed, all properties within the site boundaries where groundwater contamination exceeds chapter NR 140 groundwater enforcement standards will be listed on the Department of Natural Resources' geographic information system (GIS) Registry of Closed Remediation Sites. The information on the GIS Registry includes maps showing the location of properties in Wisconsin where groundwater contamination above chapter NR 140 enforcement standards was found at the time that the case was closed. This GIS Registry will be available to the general public on the Department of Natural Resources' internet web site. Please review the enclosed legal description of your property, and notify me within the next 30 days if the legal description is incorrect.

Should you or any subsequent property owner wish to construct or reconstruct a well on your property, special well construction standards may be necessary to protect the well from the residual groundwater contamination. Any well driller who proposes to construct a well on your property in the future will first need to call the Diggers Hotline (1-800-242-8511) if your property is located outside of the service area of a municipally owned water system, or contact the Drinking Water program within the Department of Natural Resources if your property is located within the designated service area of a municipally owned water system, to determine if there is a need for special well construction standards.

Mr. Ken Schaefer  
Notice of Groundwater Contamination  
SSA #4247  
Rice Lake, WI  
Page 3

Once the Department makes a decision on my closure request, it will be documented in a letter. If the Department grants closure, you may obtain a copy of this letter by requesting a copy from me, by writing to the agency address given above or by accessing the DNR GIS Registry of Closed Remediation Sites on the internet at [www.dnr.state.wi.us/org/at/et/geo/gwur](http://www.dnr.state.wi.us/org/at/et/geo/gwur). A copy of the closure letter is included as part of the site file on the GIS Registry of Closed Remediation Sites.

SSA would like to thank you for your cooperation in this matter. If you have any questions about this letter, please do not hesitate to contact me at (937) 863-7642, or the environmental consultant project manager, Jared Otto, at (651) 697-5232.

Sincerely,

Keith A. Hughes  
Environmental Representative

**Final Case Closure**

Mr. Gary Neuman  
City of Rice Lake-Street Superintendent  
30 E. Eau Claire Street  
Rice Lake, WI 54868

RE: Groundwater and Soil Contamination Notification  
Street Right-of-Way  
At the Intersection of South Street and Main St., and South along Main Street  
Rice Lake, Wisconsin 54868

Near Speedway SuperAmerica #4247  
2025 S. Main Street  
Rice Lake, Wisconsin 54868  
Delta Project No. G199-023  
WDNR BRRTS Case No. 03-03-000670

Dear Mr. Neuman:

Speedway SuperAmerica LLC (SSA) has conducted an investigation of the subsurface environmental conditions and continued groundwater monitoring at their property at the direction of the Wisconsin Department of Natural Resources. SSA is requesting that the site be closed based on the evidence collected. Petroleum impacted groundwater and soil still exists on the SSA property and also within the street right-of-way (ROW). As part of the site closure process, the city clerk where the ROW is located must be notified by certified mail that contamination is present.

SSA understands that you are a representative of the City of Ellsworth that is responsible for maintaining the impacted portion of the street that is located north and west of SSA #4247 at the intersection of South Street and Main Street, and south along Main Street. The station is currently active. SSA is the current owner.

The groundwater and soil contamination that appears to have originated on the property located at 2025 South Main Street has migrated to the City of Rice Lake ROW. Contaminant levels in groundwater within the street ROW are above the state groundwater enforcement standards found in chapter NR 140, Wisconsin Administrative Code. However, the environmental consultant who investigated this

Mr. Gary Neuman  
City of Rice Lake-Street Superintendent  
Notice of Groundwater and Soil Contamination  
SSA #4247  
Rice Lake, WI  
Page 2

contamination has informed me that this groundwater and soil contaminant plume is stable or receding and will naturally degrade over time.

Since the source of the groundwater and soil contamination is not on city property, the City of Rice Lake will not be held responsible for investigation or cleanup of this contamination, as long as the city and subsequent owners comply with the requirements of section 292.13, Wisconsin Statutes, including allowing access to your property for environmental investigations or cleanup if access is required. For further information on the requirements of section 292.13, Wisconsin Statutes, you may call 1-800-367-6076 for calls originating in Wisconsin, or 608-264-6020 if you are calling from out of state or within the Madison area, to obtain a copy of the Department of Natural Resources' publication #RR-589, Fact Sheet 10: *Guidance for Dealing with Properties Affected by Off-Site Contamination*.

SSA would like to thank you for your cooperation in this matter. If you have any questions about this letter, please do not hesitate to contact me at (937) 863-7642, or the environmental consultant project manager, Jared Otto, at (651) 697-5232.

Sincerely,

Keith A. Hughes  
Environmental Representative

> Soil Contamination: Soil concentrations in excess of NR 746(Residual Contaminant Level) were observed in 1994 and 1995 on the service station property. However these intervals were at an elevation within the fluctuating water table and may reflect groundwater contamination impacts. It appears the contamination is contained on the site, but the potential exists for impacted soil to exist near the southeast corner of the intersection of US 53 and South Street. There were no soil remediation efforts at the site.  
> Contaminates present: GRO, DRO, benzene, toluene, ethyl benzene, total xylenes, total trimethylbenzene, and methyl tertiary butyl ether (MTBE)  
> Ground water contamination: Yes, Historic water levels range from approximately 12-15 feet below ground surface at the site.  
> Contaminates present: GRO, benzene, toluene, ethyl benzene, total xylenes, total trimethylbenzene, and methyl tertiary butyl ether (MTBE)  
> Cleanup Activities: Natural Attenuation  
> Extent of soil and ground water contamination maps will be mailed to Shar Te Beest.  
> The City of Rice Lake and Street Dept will receive letters from  
> Speedway SuperAmerica.
