Dear Ms. Mlodenovich:

The Wisconsin Department of Commerce (Commerce) has received all items required as conditions for closure of the site referenced above. This case is now listed as "closed" on the Commerce database and will be included on the Wisconsin Department of Natural Resources (WDNR) Geographic Information System (GIS) Registry of Closed Remediation Sites to address residual contamination. It is in your best interest to keep all documentation related to the environmental activities that were conducted.

If residual contamination is encountered in the future, it must be managed in accordance with all applicable state and federal regulations. If it is determined that any remaining contamination poses a threat, the case may be reopened and further investigation or remediation may be required.

Thank you for your efforts to bring this case to closure. If you have any questions, please contact me in writing at the letterhead address or by telephone at (608) 261-8509.

Tandem Tire, 300 McGregor Plaza, Platteville Plaza

Dear Ms. Mladenovich:

On September 19, 2005, the Wisconsin Department of Commerce (Commerce) received a request for case closure, dated August 31, 2005, prepared by your consultant, METCO, for the site referenced above. Commerce has determined that the following information must be provided:

- A figure/map indicating the location of all soil samples and a single contour showing the horizontal extent of each area of continuous residual soil contamination that exceeds generic or site specific residual contaminant levels

In accordance with Comm 47, interest costs incurred because of the responsible party's failure to respond to Commerce's request for additional information, are not eligible for reimbursement by the PECFA program. If the required information is not received within 30 days of the date of this letter, PECFA loan interest incurred during the period starting from October 28, 2005 until the requested information is provided to Commerce will not be eligible for PECFA reimbursement. Be aware that Commerce can pursue enforcement actions if you do not respond to this request for information.

The closure review will be completed upon receipt of the requested information. If you have any questions, please contact me in writing at the letterhead address or by telephone at (608) 261-8509.

Sincerely,
