DOCUMENTS NEEDED:

Closure Letter, and any conditional closure letter issued

Copy of most recent deed, including legal description, for all affected properties

Certified survey map or relevant portion of the recorded plat map (if referenced in the legal description) for all affected properties
County Parcel ID number, if used for county, for all affected properties 11-050-04-03-004, 11-035-0000-004

Location Map which outlines all properties within contaminated site boundaries on USGS topographic map or plat map in sufficient detail to permit the parcels to be located easily (8.5x14" if paper copy). If groundwater standards are exceeded, the map must also include the location of all municipal and potable wells within 1200' of the site.

Detailed Site Map(s) for all affected properties, showing buildings, roads, property boundaries, contaminant sources, utility lines, monitoring wells and potable wells. (8.5x14", if paper copy) This map shall also show the location of all contaminated public streets, highway and railroad rights-of-way in relation to the source property and in relation to the boundaries of groundwater contamination exceeding ch. NR 140 ESs and soil contamination exceeding ch. NR 720 generic or SSRCLs.

Tables of Latest Groundwater Analytical Results (no shading or cross-hatching)

Tables of Latest Soil Analytical Results (no shading or cross-hatching)

Isoconcentration map(s), if required for site investigation (SI) (8.5x14" if paper copy). The isoconcentration map should have flow direction and extent of groundwater contamination defined. If not available, include the latest extent of contaminant plume map.

GW: Table of water level elevations, with sampling dates, and free product noted if present

GW: Latest groundwater flow direction/monitoring well location map (should be 2 maps if maximum variation in flow direction is greater than 20 degrees)

SOIL: Latest horizontal extent of contamination exceeding generic or SSRCLs, with one contour

Geologic cross-sections, if required for SI. (8.5x14" if paper copy)

RP certified statement that legal descriptions are complete and accurate

Copies of off-source notification letters (if applicable)

Letter informing ROW owner of residual contamination (if applicable)(public, highway or railroad ROW)

Copy of (soil or land use) deed restriction(s) or deed notice if any required as a condition of closure

CMC REAL ESTATE CORPORATION, a Wisconsin Corporation, 547 West Jackson Boulevard, Suite 1510, Chicago, Illinois, 60606 (successor to RICHARD B. OGILVIE, not as an individual but solely as Trustee of the property of Chicago, Milwaukee, St. Paul and Pacific Railroad Company, Debtor, being in possession of all the assets and property of said Railroad Company under authority of the United States District Court for the Northern District of Illinois, Eastern Division, Docket No. 77 B 8999 in proceedings under Section 77 of the Bankruptcy Act) ("Grantor"), for and in consideration of the sum of TEN DOLLARS (\$10.00), and other good and valuable consideration, the receipt and sufficiency whereof are hereby acknowledged, does hereby CONVEY and QUITCLAIM, unto SAUKVILLE FEED SUPPLIES, INC., a Wisconsin corporation, whose address is 313 West Church Street, Saukville, Wisconsin 53080 ("Grantee"), subject to any and all exceptions and reservations hereinafter set forth, any and of all Grantor's interest in the following described real estate situated and being in the County of Ozaukee, State of Wisconsin, ("the Property"), to-wit:

A parcel of land in Saukville, Ozaukee County, Wisconsin, being in the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 35, Township 11 North, Range 21 East, as follows:

Commencing at the intersection of the centerline of Church Street in Saukville, Wisconsin and the east line of said NE $\frac{1}{4}$ of the NE $\frac{1}{4}$; thence Westerly along the centerline of Church Street, extended, for a distance of approximately 178 feet, the Point of Beginning; thence Southwesterly along a line approximately 33 feet Northwesterly of a parallel to the main railroad track centerline for a distance of approximately 781 feet to the South line of the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$; thence North 6°39' East, more or less; for a distance of approximately 674.8 feet; thence Northeasterly along a line approximately 150 feet Northwesterly of and parallel to the main railroad track centerline for a distance of approximately 95 feet; thence Easterly along the centerline of Church Street, extended, for a distance of approximately 118 feet to the Point of Beginning; containing 1.13 acres, more or less; as set forth on the Exhibit "A" attached hereto and made a part hereof, said exhibit in neither offered as nor claimed to be a survey, being solely a representation of the property conveyed.

The Grantee, its successors and assigns, covenant and agree that it shall neither do nor cause to be done any act that will unreasonably impede the flow of drainage water over the property herein described so as to adversely affect rail operations. This covenant shall in no way be construed to prohibit the Grantee from erecting buildings or other improvements on the property herein described, provided that the drainage equivalent to that existing at the time of this conveyance is maintained, whether naturally or by other means. This covenant shall run with the land and be binding upon the Grantee, its successors and assigns.

The Grantor reserves for itself, its successors and assigns, a perpetual easement on, over and across that portion of the property designated "Right-of-Way Easement" on Exhibit "A" dated May 30, 1986, attached hereto and by reference made a part hereof, including, but not limited to, the right to maintain, repair, renew, use, operate, and remove any track or tracks and appurtenances now existing upon or across the property herein described and to construct, maintain, repair, renew, use, operate, and remove any additional track or tracks and appurtenances across the property herein described and also the right to install, maintain, use and operate wires or cables, together with poles or other structures supporting the same above the surface of said property, or pipes or conduits or other structures beneath the surface of said property.

This conveyance is subject to general real estate taxes which are a lien but not yet delinquent, and to any and all covenants, leases, licenses, easements, restrictions, and conditions of any kind or character, including but not limited to, building ordinances, codes or laws, public or private roadways and alleys, whether or not of record.

GRANTOR reserves unto itself, its successors, grantees and assigns, all mineral and water rights, including but not limited to, coal, oil, gas, casinghead gas, water, iron ore and all other ores and minerals of every kind and nature, underlying the surface of said premises, together with the full right, privilege and license at any and all times to explore, or drill for and to protect, conserve, mine, take, extract, remove and market any and all such products.

GRANTOR reserves unto itself, its successors, grantees and assigns, the right and privilege in the form of an easement in gross for the continued maintenance, operation and use of all existing driveways, roads, conduits, sewers, water mains, gas, electric power lines, wires and other utilities and easements of any kind whatsoever on said Property, whether or not of record, including the repair, reconstruction and replacement thereof, unless otherwise provided for herein and a further reservation of the right and privilege of the Grantor, its successors, grantees and assigns to convert any existing leases, licenses and agreements for driveways, roads, conduits, sewers, water mains, gas lines, electric power lines, wires and other utilities to permanent easements by issuance of a suitable grant in recordable form.

GRANTOR reserves unto itself, its successors, grantees and assigns, exclusive perpetual easements, together with a reasonable right-of-entry thereto, for the construction, erection, installation, operation and maintenance of transportation and transmission systems for all and every type of energy by whatever means, except by railroad, including, but not limited to, pipelines, telephone, radio, radar or laser, transmission systems, wire, fibers, conduits, utility and energy transmission lines of every kind and character together with all necessary supporting devices which may be constructed, erected or installed in, on, under, above, across and along any portion of the Property lying within fifty (50) feet of the centerline of the main railroad track(s) as represented on the attached Exhibit "A"; provided, however, that the exercise of the rights reserved herein shall not unreasonably interfere with Grantee's use of the surface; and provided further that all rights reserved herein shall continue forever, whether or not exercised, unless expressly relinquished in writing by Grantor, its successors or assigns. The rights reserved by Grantor shall include the right to reconstruct, re-erect and reinstall each and every transportation or transmission facility herein contemplated.
