**DOCUMENTS NEEDED:**

- Closure Letter, and any conditional closure letter or denial letter issued
- Copy of any maintenance plan referenced in the final closure letter.
- Copy of (soil or land use) deed notice *if any required as a condition of closure*
- Copy of most recent deed, including legal description, for all affected properties
- Certified survey map or relevant portion of the recorded plat map *(if referenced in the legal description)* for all affected properties
- County Parcel ID number, *if used for county*, for all affected properties
- Location Map which outlines all properties within contaminated site boundaries on USGS topographic map or plat map in sufficient detail to permit the parcels to be located easily (8.5x14" if paper copy). If groundwater standards are exceeded, the map must also include the location of all municipal and potable wells within 1200' of the site.
- Detailed Site Map(s) for all affected properties, showing buildings, roads, property boundaries, contaminant sources, utility lines, monitoring wells and potable wells. (8.5x14", if paper copy) This map shall also show the location of all contaminated public streets, highway and railroad rights-of-way in relation to the source property and in relation to the boundaries of groundwater contamination exceeding ch. NR 140 ESs and soil contamination exceeding ch. NR 720 generic or SSRCLs.
- Tables of Latest Groundwater Analytical Results (no shading or cross-hatching)
- Tables of Latest Soil Analytical Results (no shading or cross-hatching)
- Isoconcentration map(s), *if required for site investigation (SI)* (8.5x14" if paper copy). The isoconcentration map should have flow direction and extent of groundwater contamination defined. If not available, include the latest extent of contaminant plume map.
- GW: Table of water level elevations, with sampling dates, and free product noted if present
- GW: Latest groundwater flow direction/monitoring well location map (should be 2 maps if maximum variation in flow direction is greater than 20 degrees)
- SOIL: Latest horizontal extent of contamination exceeding generic or SSRCLs, with one contour
- Geologic cross-sections, *if required for SI*. (8.5x14" if paper copy)
- RP certified statement that legal descriptions are complete and accurate
- Copies of off-source notification letters (if applicable)
- Letter informing ROW owner of residual contamination (if applicable)(public, highway or railroad ROW)

October 11, 2007

Mr. Richard Pfarrer  
Kohler Co.  
444 Highland Drive  
Kohler, WI 53044

**SUBJECT:** Final Case Closure with Land Use Limitations  
Soil lead contamination at Kohler Co. - North Brass Yard site, 444 Highland Drive, Kohler, WI  
**WDNR BRRTS Activity #: 02-60-421528 FID#460032870**

Dear Mr. Pfarrer:

On March 16, 2004, the Wisconsin Department of Natural Resources (the Department) granted conditional closure to the above-referenced case. Final site closure was conditioned on the abandonment of groundwater monitor wells and placing a restriction on this portion of the property to limit use to industrial purposes. The Department has now received the necessary documents to meet the conditions of closure.

Based on the correspondence and data provided, it appears that your case meets the requirements of ch. NR 726, Wisconsin Administrative Code. The Department considers this case closed and no further investigation or remediation is required at this time.

### Closure Conditions

Please be aware that pursuant to s. 292.12 Wisconsin Statutes, compliance with the requirements of this letter is a responsibility to which the current property owner and any subsequent property owners must adhere. If these requirements are not followed or if additional information regarding site conditions indicates that contamination on or from the site poses a threat to public health, safety, welfare, or the environment, the Department may take enforcement action under s. 292.11 Wisconsin Statutes to ensure compliance with the specified requirements, limitations or other conditions related to the property or this case may be reopened pursuant to s. NR 726.09, Wis. Adm. Code. It is the Department's intent to conduct inspections in the future to ensure that the conditions included in this letter are met.

### Industrial Residual Soil Standards

Soil samples representative of residual soil contamination on this property were collected in May 1997. The samples contained lead in concentrations that exceeded NR 720.11, Table 2, Wis. Adm. Code, non-industrial soil standards but met NR 720.11, Table 2, Wis. Adm. Code, industrial soil standards. Therefore, pursuant to s. 292.12(2)(c), Wis. Stats., the property described above may not be used or developed for a residential, commercial, agricultural or other non-industrial use, unless (at the time that the non-industrial use is proposed) an

investigation is conducted, to determine the degree and extent of lead contamination that remains on the property in the North Brass Yard location, and remedial action is taken as necessary to meet all applicable non-industrial soil cleanup standards. If soil in the specific locations described above is excavated in the future, the property owner at the time of excavation must sample and analyze the excavated soil to determine if residual contamination remains. If sampling confirms that contamination is present, the property owner at the time of excavation will need to determine whether the material would be considered solid or hazardous waste and ensure that any storage, treatment or disposal is in compliance with applicable statutes and rules. In addition, all current and future owners and occupants of the property need to be aware that excavation of the contaminated soil may pose an inhalation or other direct contact hazard and as a result special precautions may need to be taken during excavation activities to prevent a health threat to humans.

### GIS Registry

Your site will be listed on the DNR Remediation and Redevelopment GIS Registry of Closed Remediation Sites for the following reason:

#### Industrial Residual Soil Standards

Information that was submitted with your closure request application will be included on the GIS Registry. To review the sites on the GIS Registry web page, visit <http://dnr.wi.gov/org/aw/rr/gis/index.htm>. If your property is listed on the GIS Registry because of remaining contamination and you intend to construct or reconstruct a well, you will need prior Department approval in accordance with s. NR 812.09(4)(w), Wis. Adm. Code. To obtain approval, Form 3300-254 needs to be completed and submitted to the DNR Drinking and Groundwater program's regional water supply specialist. This form can be obtained on-line <http://www.dnr.state.wi.us/org/water/dwg/3300254.pdf> or at the web address listed above for the GIS Registry.

The Department appreciates the efforts Kohler has taken to restore the environment at this site. If you have any questions regarding this closure decision or anything outlined in this letter, please contact Nancy Ryan at (920) 892-8756 ext. 3025.

Sincerely,

Frances Koonce  
Southeast Region Remediation & Redevelopment Sub-Team Supervisor

Kohler, WI 53044

Subject: Conditional Case Closure, North Brass Yard, Kohler Co. 444 Highland Drive, Kohler, WI WDNR FID#460032870 BRRTS#0260421528

Dear Mr. Pfarrer:

The Wisconsin Department of Natural Resources, the Department has recently received some supplemental information relative your previously submitted closure request for the above-referenced site. Based on a review of information contained in the site file, the Department has determined that the metals contamination identified in soil at the North Brass yard location appears to have been investigated and remediated to the extent practicable under site conditions. Your case has been remediated to Department standards in accordance with s. NR 726.05, Wis. Adm. Code and will be closed if the following conditions are satisfied:

- The monitoring wells MW-3, MW-4 and MW-5 at the site must be properly abandoned in compliance with ch. NR 141, Wis. Adm. Code. Documentation of well abandonment must be submitted to the Department on Form 3300-5B found at [www.dnr.state.wi.us/org/water/dgw/gw/](http://www.dnr.state.wi.us/org/water/dgw/gw/).
- To close this site, the Department requires that a deed restriction be signed and recorded to address the issue of remaining lead soil contamination associated with the site. The purpose of the restriction is to limit use of this portion of the property to industrial land use as long as non-industrial soil standards are exceeded.

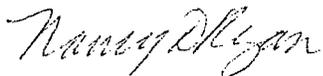

You have already submitted a draft deed restriction to me, which I am forwarding to the Department's legal staff for review and approval. After the Department informs you that the draft document has been approved, you should have the appropriate property owner sign it, and have it recorded by the Sheboygan County Register of Deeds. Then you must submit a copy of the recorded document, with the recording information stamped on it, to me. Please be aware that if a deed restriction is recorded for the wrong property because of an inaccurate legal description that you have provided, you will be responsible for recording corrected documents at the Register of Deeds Office to correct the problem.

When the above-cited conditions have been satisfied, please submit a letter to let me to let me know that applicable conditions have been met, and your case will be closed.

Please be aware that the case may be reopened pursuant to s. NR 726.09, Wis. Adm. Code, if additional information regarding site conditions indicates that contamination on or from the site poses a threat to public health, safety, or welfare or to the environment.

We appreciate your efforts to restore the environment at this site. If you have any questions regarding this letter, please contact me at (920) 892-8756 ext. 3025.

Sincerely,

A handwritten signature in cursive script that reads "Nancy D. Ryan".

Vol. 159  
P. 614

This Indenture, Made this 8th day of October, A. D., 1927,  
between Kohler Improvement Company, a corporation, of Kohler, Wisconsin  
Kohler Co., a corporation, of said Kohler part of the first part, and  
a Corporation duly organized and existing under and by virtue of the laws of the State of Wisconsin, located at  
Wisconsin, party of the second part.

WITNESSETH, That the said party of the first part, for and in consideration of the sum of One Dollar and other  
considerations  
to it in hand paid by the said party of the second part, the receipt whereof is hereby confessed and acknowledged, has given, granted,  
bargained, sold, remised, released, aliened, conveyed and confirmed, and by these presents does give, grant, bargain, sell, remise, release, alien, convey  
and confirm unto the said party of the second part, its successors and assigns forever, the following described real estate, situated in the County of  
Sheboygan and State of Wisconsin, to-wit:

Commencing at the intersection of the east line of High Street in the Village of Kohler, in said county, with the center line  
of the Upper Falls Road, thence running north sixty-two (62) degrees twenty-three (23) minutes east one thousand eight hundred and  
twenty-five and eighty-five one hundredth (1825.85) feet along said center line, thence south nineteen (19) minutes east eight hundred  
and eleven and six tenths (111.6) feet, thence north eighty-nine (89) degrees forty-nine (49) minutes east five hundred (500) feet, thence  
north fifty-six (56) degrees forty-nine (49) minutes east nine hundred and fifty (950) feet, thence north eighty-nine (89) degrees  
one (1) minute east seven hundred and twenty (720) feet, thence north eighty-one (81) degrees forty-one (41) minutes east five  
hundred and sixteen (516) feet, thence south twenty-eight (28) degrees nineteen (19) minutes east one hundred and sixteen and four  
tenths (116.4) feet to the northerly right of way line of the Chicago & North Western Railway Company, thence southwesterly along said north  
right of way line two thousand two hundred and seventy-three (2273) feet, more or less, to a point five hundred and fourteen  
and nine tenths (514.9) feet southwesterly of its intersection with the north and south quarter line of section twenty-nine (29), Town  
18S north, of range twenty-three (23) east, thence northwesterly to a point in the center line of Middle Road ten (10) feet east of its intersection  
with the west one-eighth line of said section twenty-nine (29), thence southwesterly along said center line forty (40) feet, thence  
north one hundred and fifty-three (153) feet, thence west one thousand two hundred and fifty-four (1254) feet to a point in  
the east line of High Street, thence north to the place of beginning, containing twenty-two and seventy-two one hundredths  
(22.72) acres of land.

The above described land is subject to the easement granted by G. M. Kohler Sons Co. to Sheboygan Light, Power & Railway  
Company by deed dated December 7th, 1908 and recorded in the Register's Office for said county in Volume 126 of Deeds, on page 68.

TOGETHER with all and singular the hereditaments and appurtenances thereunto belonging or in any wise appertaining; and all the estate, right,  
title, interest, claim or demand whatsoever, of the said party of the first part, either in law or equity, either in possession or expectancy of, in and to  
the above bargained premises, and their hereditaments and appurtenances.

TO HAVE AND TO HOLD the said premises as above described with the hereditaments and appurtenances, unto the said party of the second part,  
and to its successors and assigns FOREVER.

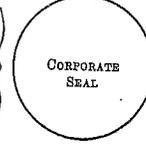

AND THE SAID Kohler Improvement Company

for itself and its successors and assigns, heirs, executors and administrators, does covenant, grant, bargain and agree to and with the said party of the second  
part, its successors and assigns, that at the time of the ensembling and delivery of these presents it well seized of the premises above  
described, as of a good, sure, perfect, absolute and indefeasible estate of inheritance in the law, in fee simple, and that the same are free and clear from all  
incumbrances whatever,

and that the above bargained premises in the quiet and peaceable possession of the said party of the second part, its successors and assigns, against all  
and every person or persons lawfully claiming the whole or any part thereof, it will forever WARRANT AND DEFEND.

IN WITNESS WHEREOF, the said party of the first part has hereunto set its hand and seal this 8th  
day of October, A. D., 1927, by its officers thereunto duly authorized

Signed and Sealed in Presence of  
E. J. Mahlock  
Jens. C. Madison  
Sheboygan County, Wis.  
STATE OF WISCONSIN }  
County, Wis. } ss.

Kohler Improvement Company (SEAL)  
By Walter J. Kohler President (SEAL)  
A. L. Dreick Secretary (SEAL)

Personally appeared Walter J. Kohler and Albert L. Dreick, its officers, personally known to the undersigned, who signed the foregoing  
instrument, after being by me duly sworn, did say that they are the president and secretary, respectively, of the Corporation above  
named; that the seal affixed to said instrument is the corporate seal of said Corporation; that said instrument was signed and  
sealed in behalf of said Corporation in conformity with the act and deed of said Corporation; and the said Walter J. Kohler and Albert L. Dreick, administrators  
said instrument as the act and deed of said Corporation.

Received for Record this 10th day of Oct.  
1927, at 9 o'clock A. M.  
Edmund Koellner Register.
