RE: Case Closure  
Liqui-Grow of Elkhorn (formerly Elko Solutions, Inc.)  
DATCP Case #86410110401  
Brrts #0265000556

Dear Mr. Mike,

On April 19, 2004, DATCP's Closeout Committee agreed that the Liqui-Grow of Elkhorn (formerly Elko Solutions, Inc.) facility qualifies for closure provided the you abandon the monitoring wells and place the site on Wisconsin Department of Natural Resources' (WDNR's) soil and groundwater Geographic Information System (GIS) Registries, as outlined in Wis. Admin. Code NR 726.05.

I am pleased to say that since the monitoring wells have been abandoned, and that the site has been submitted for inclusion onto the WDNR's GIS Registry, we consider the site closed from further investigation. I have included a copy of DATCP's signed "Closeout Committee Review" form for your files.

If you have questions, please call me at (608) 224-4515.

Sincerely,

Richard C. Graham, P.G.

### B. Case Status

- Case closed with the following conditions:
- Deed Restriction (Soil Registry)
  - Well Abandonment Documentation
  - Detailed Closeout Letter Necessary
  - Groundwater Use Restriction (GIS Registry)
  - Soil Disposal Documentation
  - Public Notice Needed
  - NR 140 exemption
  - Other
- Case not closed with the following recommendations:

RE: Liqui-Grow (Formerly Elko Solutions, Inc.) GIS Registry Fee

Dear Ms. Stovall,

Enclosed the \$450.00 GIS Registry fee (soil and groundwater) and the GIS Registry Package for the Liqui-Grow (Formerly Elko Solutions, Inc.) site (BRRTS# 02-65-000556). The site was granted conditional closure by Rick Graham of WDATCP.

Sincerely,

A handwritten signature in black ink, appearing to read "Jason T. Powell", written in a cursive style.

RE: Review of the Groundwater Monitoring Report  
Liqui-Grow of Elkhorn (formerly Elko Solutions, Inc.)  
DATCP Case #86410110401

Dear Mr. Sarton,

I have some good news for you. I presented the results of the investigation of your facility located in Elkhorn, Wisconsin to DATCP's Closure Committee. I am pleased to tell you that the committee agreed that your site qualifies for closure.

However, since fairly high concentrations of impacted soil was left in place, and since groundwater below the site remains impacted with nitrogen and metolachlor MW-3 at concentrations above their respective Wis. Admin. Code NR 140 Enforcement Standards, the site does not qualify for clean closure at this time. Rather, the Committee agreed that this site can only be considered closed if you have the site placed on the Wisconsin Department of Natural Resources' soil and groundwater Geographic Information System (GIS) Registries, as outlined in Wis. Admin. Code NR 726.05.

Within 30 days of your receipt of this letter, have METCO submit a cost estimate to abandon the site monitoring wells. Within 30 days of DATCP approval of the cost estimate, have METCO abandon the wells and submit the complete GIS Registry paperwork (in .pdf format) to DNR. A check for \$450 (\$250 groundwater, \$200 soil) must accompany the package sent to DNR, which is not reimbursable by the ACCP. After DATCP receives verification from DNR that the site has been included on the GIS Registry, the site will be resubmitted to DATCP's Closure Committee for final review.

If you have questions, please call me at (608) 224-4515.

Sincerely,

Richard C. Graham, P.G.

# Checklist of Documents for GIS Registry Packet

WI DNR, Bureau for Remediation and Redevelopment, PUB-RR-688

(Include with closure request – please assemble in this order. *This checklist applies to closure requests for sites with groundwater exceeding ch. NR 140 standards and/or soil contamination exceeding ch. NR 720 generic or site specific residual contaminant levels (RCLs).*)

- One-time fee of \$250.00 for groundwater, and/or
- \$200 for soil, for each case closed, for maintenance of the registry.
- Copies of the most recent deed including legal descriptions, for all properties within or partially within the contaminated site boundaries. (Note: If a property has been purchased with a land contract and the purchaser has not yet received a deed, a copy of the land contract which includes the legal description shall be submitted instead of the most recent deed. If the property has been inherited, written documentation of the property transfer should be submitted along with the most recent deed.)
- A copy of the certified surveyed map or the relevant section of the recorded plat map for those properties where the legal description in the most recent deed refers to a certified survey map or a recorded plat map. (lots on subdivided or platted property (e.g. lot2 of xyz subdivision))
- Parcel identification number for each property, if the county in which the property is located uses parcel identification numbers.
- Geographic position of all properties within or partially within the contaminated site boundaries. *The coordinates need to be for a spot located at least 40 feet inside the property boundary. Refer to NR 716.15(2)(d)7, and (k). The coordinates must be in WTM91 projection. See the following WDNR website address for assistance: [www.dnr.state.wi.us/org/at/et/geo/gwur/index.htm](http://www.dnr.state.wi.us/org/at/et/geo/gwur/index.htm).*
- A location map which outlines all properties within the contaminated site boundaries on a U.S.G.S. topographic map or plat map in sufficient detail to permit the easy location of all parcels. If groundwater standards are exceeded, the map must also include the location of all municipal and potable wells within 1200 feet of the site. *(If only one parcel, combine with next item.)*
- A map of all contaminated properties within site boundaries, showing buildings, roads, property boundaries, contaminant sources, utility lines, monitoring wells and potable wells. This map shall also show the location of all contaminated public streets, and highway and railroad rights-of-way in relation to the source property and in relation to the boundaries of groundwater contamination exceeding ch. NR 140 enforcement standards, and/or in relation to the boundaries of soil contamination exceeding generic or site-specific residual contaminant levels as determined under s. NR 720.09, 720.11 and 720.19.
- A table of the most recent analytical results, with sample collection dates: from all monitoring wells, and any potable wells for which samples have been collected for groundwater, and/or showing results for all contaminants found in pre-remedial sampling and in the most recent soil sampling event, for soils (without shading/crosshatching).
- An isoconcentration map, if required as part of the site investigation (SI), of the contaminated properties within the site boundaries. The map should include the areal extent of groundwater contamination exceeding PALs and ESs, groundwater flow directions based on the most recent data, and sample collection dates. **If an isoconcentration map was not required as part of the SI, substitute a map showing the horizontal extent of contamination, based on the most recent data.**
- A table of the previous 4 water level elevation measurements from all monitoring wells, at a minimum, with the date measurements were made, is to be included. If present, free product is to be noted on the table. In addition, a groundwater flow direction map, representative of groundwater movement at the site. If the flow direction varies by more than 20° over the history of the site, 2 groundwater flow maps showing the maximum variation in flow direction are to be submitted
- For sites closing with residual soil contamination, include a map showing the location of all soil samples and a single contour showing the horizontal extent of each area of contiguous residual soil contamination that exceeds generic or site specific residual contaminant levels.
- A geologic cross section, if required as part of the SI, showing vertical extent and location of residual soil contamination exceeding generic or site specific RCLs and residual groundwater contamination, source extent and location; isoconcentrations for all groundwater contaminants that exceed PALs that remain when closure is requested; water table and piezometric elevations, and the location and elevation of geologic units, bedrock, and confining units, if any.
- A statement signed by the responsible party, which states that he or she believes that the legal descriptions attached to the statement are complete and accurate. *(The point here is that the legal descriptions are describing the correct (i.e. contaminated) properties.)*
- A copy of the letters sent by the RP to all owners of properties with groundwater exceeding ESs (including the current source-property owner, if the RP is not the current source-property owner.) *(Off source properties are listed separately with a link to the source property.)*
- A copy of all written notifications provided (to City/village/municipality/state agency or other responsible for maintenance) of a public street or highway or railroad right-of-way, within or partially within the boundaries of the contaminated site, for contamination exceeding groundwater ESs and/or soil exceeding generic or site specific RCLs.

LOIS M. KETTERHAGEN  
REG. OF DEEDS  
WALWORTH COUNTY, WIS

RETURN TO Wal. Co. Title Co.

*[Signature]* 6.00

THIS INDENTURE, Made this 2nd day of March, A. D., 19 87, between Elko Liquid Fertilizer, Inc.,

a Corporation duly organized and existing under and by virtue of the laws of the State of Wisconsin, located at Elkhorn, Wisconsin, party of the first part, and Elko Solutions, Inc.,

a Corporation duly organized and existing under and by virtue of the laws of the State of Wisconsin, located at Elkhorn, Wisconsin, party of the second part.

Witnesseth, That the said party of the first part, for and in consideration of the sum of Ten Dollars and other good and valuable consideration

to it paid by the said party of the second part, the receipt whereof is hereby confessed and acknowledged, has given, granted, bargained, sold, remised, released, aliened, conveyed and confirmed, and by these presents does give, grant, bargain, sell, remise, release, alien, convey and confirm unto the said party of the second part, its successors and assigns forever, the following described real estate situated in the County of Walworth and State of Wisconsin, to-wit:

Legal description contained on Exhibit "A" attached hereto and incorporated herein.

TRANSFER \$ 225.00

(IF NECESSARY, CONTINUE DESCRIPTION ON REVERSE SIDE)

Together with all and singular the hereditaments and appurtenances thereunto belonging or in any wise appertaining; and all the estate, right, title, interest, claim or demand whatsoever, of the said party of the first part, either in law or equity, either in possession or expectancy of, in and to the above bargained premises, and their hereditaments and appurtenances.

To Have and to Hold the said premises as above described with the hereditaments and appurtenances, unto the said party of the second part, and to its successors and assigns FOREVER.

And the said Elko Liquid Fertilizer, Inc., party of the first part, for itself and its successors, does covenant, grant, bargain and agree to and with the said party of the second part, its successors and assigns, that at the time of the enrolling and delivery of these presents it is well seized of the premises above described, as of a good, sure, perfect, absolute and indefeasible estate of inheritance in the law, in fee simple, and that the same are free and clear from all incumbrances whatever, except municipal and zoning ordinances, building restrictions, covenants, restrictions and easements of record; real estate taxes and assessments not yet due and payable; rights of the public to presently existing streets;

and that the above bargained premises in the quiet and peaceable possession of the said party of the second part, its successors and assigns, against all and every person or persons lawfully claiming the whole or any part thereof, it will forever WARRANT and DEFEND.

In Witness Whereof, the said Elko Liquid Fertilizer, Inc., party of the first part, has caused these presents to be signed by H. Michael Sarton, its President, and countersigned by Julie F. Sarton, its Secretary, at Lake Geneva, Wisconsin, and its corporate seal to be hereunto affixed, this 2nd day of March, A. D., 19 87.

# PLAT OF SURVEY

- OF -

## EXHIBIT "A"

Parcel A: Commencing 204.1 feet due South of the Southeast corner of Lot 9, Block 3, in Elderkins Addition to the Village (now City) of Elkhorn, Walworth County, Wisconsin, thence Easterly 168.00 feet to the place of beginning of the lands hereinafter described, thence North 138.1 feet to a point in the Easterly extension of the South line of East Centralia Street, thence Easterly 74.54 feet to a point in the South line of East Centralia Street, thence South 138.1 feet, thence Westerly 74.54 feet to the place of beginning.

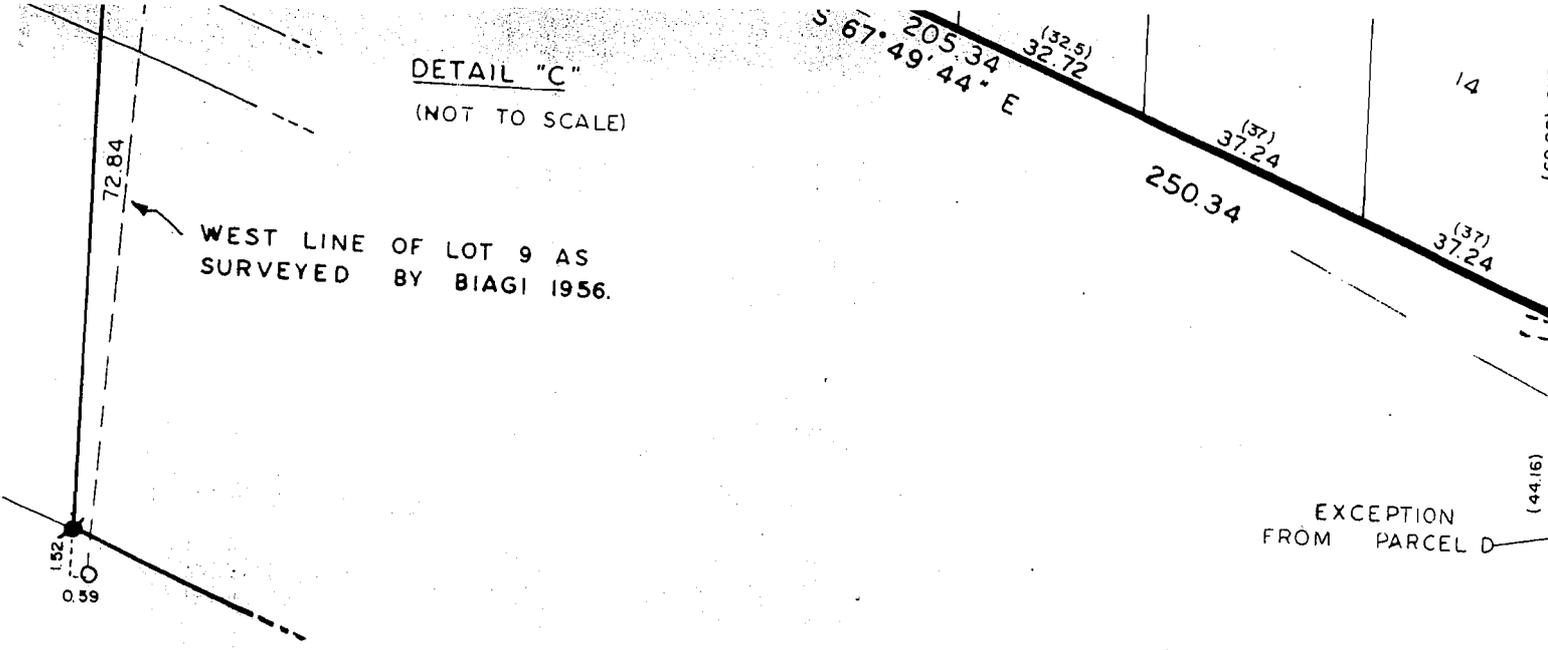

Parcel B: Commencing 204.1 feet due South of the Southeast corner of Lot 9, Block 3, in Elderkins Addition to the Village (now City) of Elkhorn; thence Easterly 202.00 feet; thence North 138.1 feet to a point in the Easterly extension of the South line of East Centralia Street; thence Easterly 66.00 feet to a point in the South line of East Centralia Street; thence South 138.1 feet; thence West 66.00 feet to the place of beginning.

Parcel C: All that part of Block 5 of Elderkin's Addition to the Village (now City) of Elkhorn, lying East and Southeast of Lot 8 in said Block 5, said premises comprising parcels described as Lots 9, 10, 11, 12, 13 and 14 of said Block 5 until vacated by order of Circuit Court.

Parcel D: Commencing 204.1 feet due South of the Southeast corner of Lot 9, Block 3 in Elderkin's Addition to the Village (now City) of Elkhorn, Walworth County, Wisconsin; thence South 242.06 feet to an iron stake in the Northerly right of way line of the Chicago, Milwaukee, St. Paul and Pacific Railroad Company; thence Southeasterly along said right of way line 367.62 feet to an iron stake; thence North 374.06 feet to an iron stake; thence West 342.54 feet to the place of beginning. Excepting therefrom that portion in the Southwest corner of the above described parcel indicated on the plat of Elderkin's Addition recorded in Volume 2 of Plats, page 9, as occupied by the Kacine and Mississippi Railroad Company; and further excepting any portion of the above described premises, if any, lying East of the East boundary line of Block 6 of said Elderkin's Addition (now vacated).

Parcel E: A parcel of land being part of Block 4 previously vacated of Elderkins Addition to the City of Elkhorn and part of The Lane between said Block 4 and Block 5, said parcel being more particularly described as follows: Commencing at a point in the North line of said Block 4 located S 89° 38' W 176.75 feet from a 1/2" diameter rod found marking the Northeast corner of partially vacated Block 4; said point of commencement having been previously recorded as being 251 feet East of the Northwest corner of said Block 4, thence S 0° 47' W 100 feet to the point of beginning; thence S 0° 47' W 66.1 feet to the South line of said Block 4; thence N 68° 16' W 11.78 feet along said South line to the Southeast corner of Lot 8 of Block 4; thence S 0° 47' W 27.84 feet to the Northeast corner of Lot 8 of Block 5; thence S 68° 16' E 201 feet along the North line of said Block 5 to the Northeast corner of said Block 5; thence N 0° 47' E 185.15 feet along the East line of Block 4 to a point located 80 feet from the Northeast corner of said Block 4; thence S 89° 38' W parallel to the North line of Block 4 a distance of 96 feet; thence S 0° 47' W 20 feet; thence S 89° 38' W 80.75 feet to the point of beginning.

DETAIL "C"  
(NOT TO SCALE)

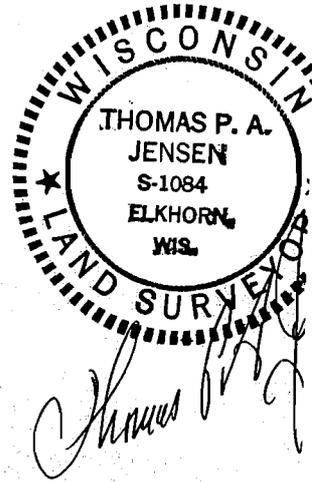

EXCEPTION FROM PARCEL D

PARCEL MORE PARTICULARLY DESCRIBED AS FOLLOWS:

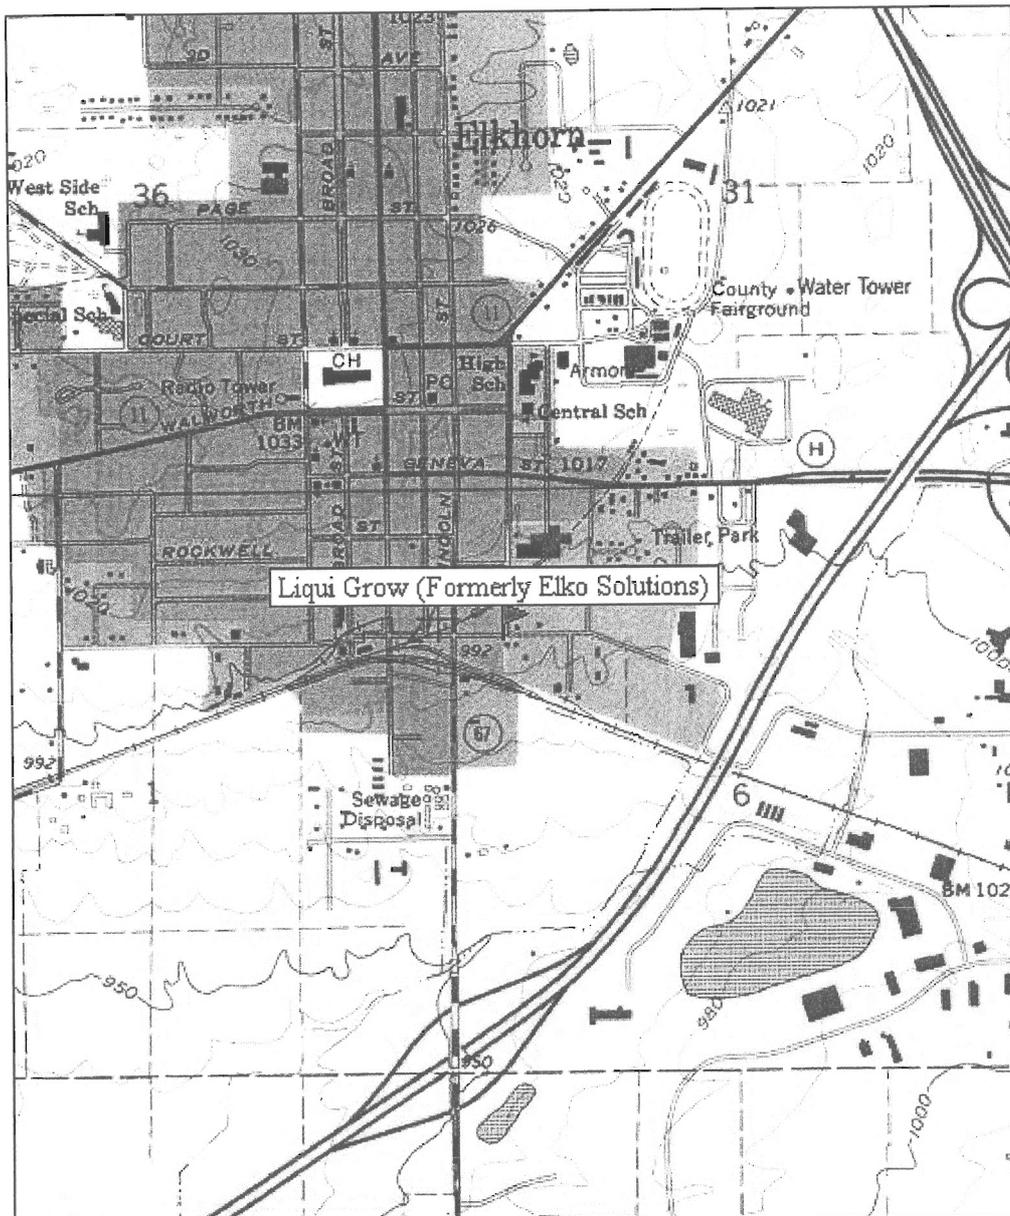

A parcel of land being part of Blocks 4, 5, and 6 of Elderkin's Addition to the Village (now City) of Elkhorn, Walworth County, Wisconsin, described as follows: Commence at a 1/2" diameter iron rod at the Northeast Corner of said Block 4; thence S 88° 07' 09" W, along the North line of said Block, 178.37 feet (recorded as 176.75) to a point 250.78 feet N 88° 07' 09" E of the Northwest Corner of said Block 4 (251.00); thence S 1° 11' 00" E 0.53 feet to an iron pipe; thence continue S 1° 11' 00" E 99.47 feet to the Point of Beginning, said point being 2.51 feet North and 1.39 feet East of a found iron pipe; thence continue S 1° 11' 00" E 71.03 feet to a 1 3/16" dia. iron rod on the South line of said Block 4; thence N 67° 49' 44" W, along said South line, 11.74 feet to a 1 3/16" iron rod; thence S 1° 00' 18" E, along the East line of Lot 8 Block 5 and the extension thereof, 86.00 feet to a 1 3/16" iron rod on the South line of said Block 5 also being the Northerly line of the Chicago, Milwaukee, St. Paul, and Pacific Railroad R.O.W.; thence S 67° 49' 44" E, along said South line and said R.O.W. 250.34 feet; thence S 20° 03' 17" W 39.54 feet to a 1 3/16" iron rod; thence S 69° 56' 43" E, along said Railroad R.O.W., 338.54 feet to an iron pipe; thence N 1° 00' 00" W 517.44 feet to an iron pipe on the South line of Centralia Street; thence S 88° 07' 09" W, along said south line, 141.40 feet (140.54); thence S 1° 59' 36" E, 0.79 feet to an iron pipe; thence continue S 1° 59' 36" E 137.80 feet to an iron pipe (138.10); thence S 88° 15' 45" W 204.24 feet (202.00) to a 1 3/16" iron rod on the East line of Block 4 of said Elderkin's Addition; thence N 1° 02' 00" W, along said East line, 58.10 feet to a 1 3/16" iron rod 80.00 feet S 1° 02' 00" E of the South line of Centralia Street; thence S 88° 07' 09" W 97.41 feet (96.00) to a point 0.42 feet North and 1.86 feet East of an iron pipe; thence S 1° 11' 00" E 20.00 feet (20.00) to a point 2.41 feet North and 2.12 feet East of an iron pipe; thence S 88° 07' 09" W 80.75 feet (80.75) to the Point of Beginning.

Said parcel contains 3.725 acres of land, more or less.

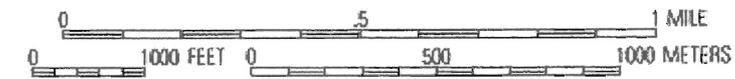

Description drafted April 27, 1988 from survey done by Jensen Surveying & Mapping S.C.
